

2020 REPORT CARD

SAFER AT HOME

- 1,303 pets** received life-saving veterinary care and pet supplies
- 469 families** who lost their source of income due to the pandemic got the resources they needed to care for their pets
- \$55,539** invested back into Pinellas County small businesses through the fund

SAFER AT HOME was a targeted, short-term program that ran from May-December 2020 designed to help those in our community financially affected by COVID-19 care for their pets through the pandemic and ensuing economic recession. It gave families an alternative to the heartbreaking last resort of surrendering their beloved pet to a shelter.

"This program is a God sent blessing. We were at the point where we had to decide between pet food and prescriptions I must have. Without Buddy I couldn't manage day-to-day life. Without this help I don't know what we'd have done. He's saved us and you allowed us to stay as a family."
