

# Corporate Volunteer Opportunities

With Friends of Strays

## How can you get involved as a company?

While we hope to host corporate volunteer days in the near future, our current shelter's size and space makes hosting large groups a little difficult. However, you can create a fundraiser of your own for your staff and select Friends of Strays to be your charity!

# ADDITIONAL VOLUNTEER OPPORTUNITIES

## INVITE US FOR A LUNCH AND LEARN

Host a lunch meeting where one of our staff members will come and speak about our organization and our mission.

## MAKE CAT TOYS

Making wand toys is an easy and sustainable way to contribute to shelters, all you need are some old t-shirts and wooden dowels!

## ORGANIZE A DONATION DRIVE

Have a donation drive at your company. You can find our wish list on our website! You could also work with a store to arrange a time to collect donations.

Please contact us if you need promotional materials or logos for your project. We can also send you a photo release so that when you are finished, we can share your accomplishments on our social media and website.

When you complete your project, please schedule a time to bring your final product to Friends of Strays during regular adoption center hours.

# Contact our Engagement Manager to let us know about your company's efforts!

Thank you for your support for cats and dogs in need!
