

EURO Series-3 Hydraulic Davit 2000/2200/2500lb-144/168in 907/998/1134kg-366/426.72cm

## EURO 2000/2200/2500 Hydraulic Deck Crane Systems

- Maximum SWL capacities available in 2,000lb / 907kg, 2,200 lb/ 997kg & 2,500lb / 1134kg at any boom position without restriction.
- Flush access panels are appropriately located for easy maintenance.
- A non-fouling Hydraulic linear winch design with self-limiting travel, two-block protection, self-locking load holding capabilities and automatic lift overload protection for safe, dependable and quiet cable payout & retrieval.
- The crane is operated from a hand held, waterproof, UV stabilized 2-speed hi/lo controller with tether and weatherproof mil-spec connectors.
- Optional wireless joystick operated proportional remote controls are available.
- High pressure aluminum hydraulic cylinders actuate each function for unsurpassed corrosion resistance, dependability and reduced weight.
- Hydraulic power rotation/slew, 359° providing the superior tender-handling control.
- An aluminum deck mounted pedestal base is the standard mounting structure. Pedestal bases
  are offered in a cylindrical or pyramid style, bolt down or weld down. Also available is a through
  deck mount standpipe/compression post.
- The hydraulic davit is powered by a remotely mounted 5-hp hydraulic power unit for enhance performance and reliability. Also available is our ship's central hydraulics interface kit.
- Composite high load bushings at stainless load pin to aluminum contact points to prevent hole deformation and dissimilar metals corrosion.
- System is finished to our Nautical Structures high level of quality with urethane paint products.
   Our standard colors are Snow White, Off White & Matterhorn White. All other colors will be special order and quoted upon request.
- Davit is assembled and dynamic load tested prior to shipment.
- 12 Month Limited Warranty: HYDRAULICS, ELECTRICAL AND LABOR IS INCLUDED (see attached warranty for details).
